submitted to

HONOURABLE SRI A. BALAKRISHNA SHETTY,
MINISTER TO THE GOVERNMENT OF MADRAS

BY

THE BELUVAI SCHOOL BUILDING EXTENSION COMMITTEE, KESARGADDE,

ON

2 - 6 - 1954.

WHEN THE HON. MINISTER VISITED KESARGADDE.

Honourable Minister,

We beg permission to place before you a few facts for your kind consideration. The Villagers of this part submitted on 17.3.1950 a Mass petition to the District Board and to the District Educational Officer, South Kanara, requesting to upgrade the Belvai Canarese Elementary School to the status of Higher Elementary School.

2. The District Educational Officer by his N.Dis. No.3225/E2-50 dated 2.4.1950 recommended the opening of the higher standards on the villagers providing the necessary additional building and accommodation.

3. For the purpose of speeding up the work this Committee was formed and began to collect funds in right earnest and arranged to lay the foundation of the new building. This ceremony came off on 12.10.53. The District Collector and Special Officer of the District Board performed the ceremony. The construction work was carried on with care and speed.

4. The District Board Office by Roc.No.19462/E8-50 dated 29.12.1954 requested the President of this

Committee to credit Rs600/- to the District Board funds to meet the first years cost for the additional class. So the Committee under Miscellaneous Receipt No.838 dated 22.2.1954 credited Rs600/- to the District Board funds.

5. On 4th March 1954 by Roc.No.19462/E9/52 the Special Officer, District Board, South Kanara, resolved to open the Higher Elementary Standards here.

6. Though four months have passed we have not received orders to open the Higher Elementary standards. All the Elementary Schools numbering 8 in all and within a radius of 5 miles from the newly proposed Higher Ele. School, have closed for the summer vacation after their examinations. Parents of pupils who have pinned their hopes in the opening of the new Higher Elementary School are greatly perturbed as to the future education of their children in the absence of a recognised Higher Elementary School. The feeder schools are the following:-

1. Board Elementary Hindustani; Belval.
2. Kanthavara Aided Elementary.
3. Mudumarnad Board Elementary.
4. Irvathoor Kolke Board Ele.
5. Mahaveera Aided Ele. Padumarnad.
6. B.E.M.Ele. Padumarnad.
7. Puthige St.Ignatius Aided Ele.
8. Daregudde Board Elementary.

7. Schools have re-opened and the pupils who have completed their V standards in the elementary schools mentioned above have to be retained here. If the orders are still delayed they (pupils and their parents) will be put to great hardship and loss. The public are greatly distressed owing to the inaction of the Government.

In these circumstances we earnestly beseech the Hon'ble Minister to come to our rescue and restore the confidence of the public in granting recognition to the newly proposed Higher Elementary School at Belvai and satisfy a long-felt need. The Committee requests the Hon'ble Minister to kindly consider their precarious position after so much of efforts and sacrifice and urge the concerned Department to fulfil their past assurances in this matter of urgent necessity.

For this kind act of yours we shall ever remain grateful to you, Hon. Minister.

Yours,

Vice-President,
BELVAI SCHOOL BUILDING EXTENSION COMMITTEE,
KESARGADDE, S.K.

Sub: ELEMENTARY EDUCATION - Opening of Higher Ele. Standards - Board Elementary School, South Tricarpur - South Kanara District Board- Sanction Requested.

Ref: G.O.Ms.No.381 Edn., dated 3-4-1954

In response to the request made by the Secretary, South Tricarpur Board Higher Elementary School Committee, the District Board in its resolution No.55 dated 23-3-1953 resolved to open Higher Elementary Standards in Board Elementary School, South Tricarpur and the permission sought by the School Committee to put up the extension of building for housing Higher Elementary Standards was granted.

2. The School Committee had deposited a sum of Rs.660/- for the maintenance of Higher standards for the first year. The Committee has also put up a substantial building for housing the higher standards at a cost of about Rs.10,000/-.

3. Agreeably to the Board's resolution quoted above to open Higher Elementary standards in Board Elementary School, South Tricarpur, the Divisional Inspector of Schools also accorded permission in his proceedings Dis.No. 497/54 dated 9-4-1954 to open the VI Standard from June 1954.

4. In view of the directions contained in G.O.Ms.No. 381 Edn., dated 3rd April 1954, that no new schools should be opened or the existing Elementary schools converted into Higher Elementary schools without the previous sanction of the Government, I have withheld orders to open the higher standards in this school.

5. I have to point out in this connection that the School Committee which has invested considerable sums of money in building and equipment etc.,will be hard-hit if at this stage permission is not given to open Higher Elementary Standards. The local public also will be sorely disappointed.

6. I, therefore, request that the Government may be please to accord sanction for the opening of Higher Elementary standards in Board Elementary School, South Tricarpur from June 1954 as a special case and permit the Board to open Higher Elementary schools in places where the local public come forward to put up buildings, provide all the equipment and deposit sufficient funds to meet the expenditure for the 1st year. Expansion of facilities for Elementar Education by the Dt.Board will be in accordance with the latest policy of the Government communicated in their orders No.352 H.E.& L.A.,(Edn) dated 31-3-1954.

The District Board in its resolution No.123 dated 4-3-54 has sanctioned the opening of Hr.Ele.standards in Bd.Ele.school, Belvai Canarese subject to the conditions that free additional accommodation and equipment are provided for by the public and a cash contribution of Rs.600/- (six hundred) in lumpsum is made by them towards the initial cost of the additional staff to be employed for the first year. The Building Extension Committee having undertaken to fulfil these conditions, the Board granted the committee permission to put up the new building and accepted the cash contribution of Rs.600/- paid by them.

2. An application for the opening of Hr.standards in this school in June 1954, has already been sent to the Divisional Inspector of schools, Coimbatore and is awaiting his permission.

3. In the meanwhile the Government in para 7 of their orders No.381 Edn., dated 3-4-54 have instructed this Dt.Board that no Elementary school should be converted into a Hr.Ele.school without the previous permission of Government. If the directions contained in G.C. are made applicable to the case of this school, the conversion of the school into a Higher Ele.school cannot be ordered. I would like to point out to the Government that the local public have constructed the building, purchased the necessary equipment on the strength of the resolution of the District Board, sanctioning the opening of higher standards. The public will be put to a great loss if at this stage the sanction to open higher Ele. standards in Belvai Canarese Board Ele.school is with-held. In the interest of the Education of the children of this locality therefore, I request that Government may be pleased to permit the district board to open the Higher standards in the school from June 1954.

Government Memorandum No.57164.E.III/54-2 Education dated 11.6.1954.

....

It is stated that the District Board, South Kanara has resolved to sanction the opening of Higher Standards in the Board Elementary Schools, South Tricarpur and Belvai Canarese. The Board Elementary School, South Tricarpur Committee is reported to have provided a sum of Rs.660/- towards the maintenance of the Higher Standards for the first year and to have put up a substantial building for housing the additional standards to be opened at a cost of about Rs.10,000/-. The Board Elementary School, Belvai Canarese Committee has also, it is reported, agreed to provide a sum of Rs.600/- towards the maintenance of the additional standards for the first year and to provide free additional accommodation for housing the new standards. The Divisional Inspector of Schools, Coimbatore has already accorded permission for the opening of higher standards in the Board Elementary School, South Tricarpur and he has recommended that similar permission may be granted in the case of Board Elementary School, Belvai Canarese. In para 7 of G.O.Ms.381 Education dated 3.4.1954, Government have directed the District Board, South Kanara not to open new Schools or to convert existing schools into Higher Elementary Schools without the prior sanction of Government. In view of these directions the Special Officer, has not yet given effect to the proposals and he has now requests that Government may be pleased to accord sanction for the opening of higher standards in the two schools under reference as a special case as otherwise the efforts of the Committees which have invested large sum of money towards providing additional accommodation and equipment would be in vain.

2. In this connection I submit that there is necessity for the opening of higher Elementary standards in the two localities and that the proposals can be brought under the programme of expansion of existing schools explained in para 4 of G.O.Ms.750. dated 31.5.1954. I therefore recommend that the requests of the Special Officer may be considered favourably in view of the circumstances explained by him and necessary sanction accorded for the opening of higher standards in the two schools under reference.

Yours faithfully,

Dear Sri Subramaniam,

V.V. Put up 3/8

The Collector of South Kanara, as the Special Officer of the South Kanara District Board, has requested permission in his Ref. No. 19462/50/E dated 2.6.54 for opening Higher Elementary classes in the Board Elementary School at Belvai of Karkal Taluk South Kanara district. The matter is pending with the Government and no permission has yet been granted. The villagers of Belvai in the expectation that sanction would be granted, have constructed a building costing about Rs. 10,000/- mainly by village subscription and from grant of Rs.1,500/- from the Community Project funds and have been anxiously awaiting the orders of the Government so that the classes could begin in July. Though the month of July is fairly over, as permission has not been yet received, classes have not been opened and the villagers are put to great disappointment on this account. The school is situated in Belvai village which is in the constituency of the Hon'ble Sri A.B.Shetty and all of us Congress Legislators have held out hopes to them that permission would be secured without much difficulty. As required by the Special Officer of the District Board, the villagers have also deposited a sum of Rs. 600/- with the District Board for incurring the expenses of the first year for running the Higher Elementary classes. All that ought to be done by the villagers has already

been done and the Special Officer of the District Board has also strongly recommend ed the opening of the Higher Elementary classes in the school and the matter await the sanction of the Government.

May I request you on behalf of the residents of Belvai and the surrounding villages to kindly look into this matter and expedite the grant of permission for opening the Higher Elementary Classes in the Board ~~Kxgmmx~~ Elementary School of Belvai village, Narkal Taluk, South Kanara district.

With best regards and thanking you,

Yours sincerely,
